

CC3. CO2 level predictions worksheet

Can you predict carbon dioxide levels?

A. Look over the data and discuss the patterns you see.

Graph A. From British Antarctic Survey, National Environment Research Council

CC3. CO₂ level predictions worksheet

B. Think of 3 statements about the data you are examining.

- 1)
- 2)
- 3)

C. Think of 3 “How/Why” questions about the data you are examining.

- 1)
- 2)
- 3)

D. Based on the temperature data, make a prediction about what the CO₂ levels might look like over the same period. Draw this on Graph A above with a bright coloured pen.
